Subject Re: Protection of Lantau Island, Luk Wu

Urgent Return receipt Sign Encrypt

Beacon Hill

Dear HK government,

1. Luk Wu on Lantau Island is a very precious area providing a balanced ecological environment for natural habitats. It also plays an extremely important role in supporting living monastics & Buddhist practicing communities. The practicing of the monastics are not for themselves but they are practicing for the whole of HK society. Any damage done to these monastics is equivalent to damage done to every HK citizen.

2. Many entrepreneurs are trying to take advantage of the loopholes in the gov't system to obtain proliferous profits by illegally building large scale of memorial tombs, causing massive destruction to the environment of Luk Wu. More seriously, these commercial entities are falsely using Buddhism or Buddhist temples as an excuse or reason in building these massive tombs and evading tax responsibilities.

I strongly believe HK Government would not let such massive destruction to happen and such illegal activities to continue to prosper. I am sincerely asking the government to continue to support and protect Luk Wu. We should not stand these illegal commercial entities to continue to profit and destroy what all of HK has so preciously treasured in Lantau.

Please help HK and help protect Luk Wu.

Yours sincerely,

Bonnie Arai
