有關骨灰龕政策檢討公眾諮詢文件,本人有以下意見

一. 就違規骨灰龕場執法問題:

- 政府應堅決執法,取締違規營辦骨灰龕,以杜絕不法商人為賺錢不惜破壞環境,滋擾居民
- While officially it is illegal, when the government is not enforcing the laws, the government is indirectly encouraging this to continue and prosper and once the nature is destroy, there is no going back.

二. 就骨灰龕位供應方面:

- 1. 政府應大力鼓勵海葬、植葬等較能長遠發展的處理骨灰方法
- 2. 盡快為未規劃的鄉郊私地列入「發展審批地圖」,以免鄉郊地區淪落 成為骨灰龕場
- 3. 政府應提供 100 %的骨灰龕位供應,或最少政府成為主導,使市民不致因骨灰龕位花上龐大費用 and create gaps for people or company to destroy the neighborhood

三. 就鼓勵宗教團體提供骨灰龕的問題:

1. 沒規管地推動宗教團體設立骨灰龕,使宗教團體變成搖錢樹,引來不 法人士垂涎,這將使宗教團體陷入危機

四. 其他意見:

1. 鹿湖區是具百多年歷史的佛教清修地,在此大肆建骨灰龕會嚴重破壞

地區的清淨

2. 盡快為未規劃的鄉郊私地列入「發展審批地圖」, 以免鄉郊地區淪落 成為骨灰龕場

3. More seriously, 鹿湖區 is a unique place to be close to the nature, the

world is moving towards sustainability...Hong Kong being and

wanting to be in the forefront of the world, once we destroy this

unique place for Buddhism and place for Buddhism practice and a

place for all of us to have a place to be close to the nature, who are

we....someone keep chasing after the materialistic things in life.. do

we want to be known as the concrete jungle?
