> Subject: Private columbarium consultation

> Dear Sirs,

> We are investor aiming at investing in private columbarium.

> We support enacting legislation to regulate the business of private columbaria in HK but we think those that contravenes Town Planning, Government Lease and other requirements of the Government should not be allowed to carry on business.

> We have been applying for approval from Town Planning in respect of CCIL15 in Cheung Chau to convert it into columbarium, with great difficulties. If Government is giving a lenient approach to other illegal columbaria, we may as well stop applying for approval and just carry out our business, after all we will be legalized in due course, so why bother applying for approval? A responsible Government must keep its words.
