Subject Public Consultation on Licensing Scheme for Private Columbaria

Urgent Return receipt Sign Encrypt

The root of the problem is the insufficient supply of columbaria. -What is the projected supply of columbaria by government in the next 5 years vs the projected demand?

I would suggest that you inform the Development Bureau and Town Planning Department to reserve some land for columbaria purpose to meet demand in the next 10-15 years. - When you have reserved the land at an early stage, there will be no objection from the local community because the residents have already known that there will be a columbaria in the future.
